$$Avg = \frac{Sum}{No}$$

$$Avg = \frac{60+70+50+80}{4}$$

$$= \frac{260}{4} = 65$$

Aptitude & Reasoning Class

4E - 200 = E

3E = 200

E = 66.66 Income

(b) 66.66 Lakh

2012

loss = 25%.

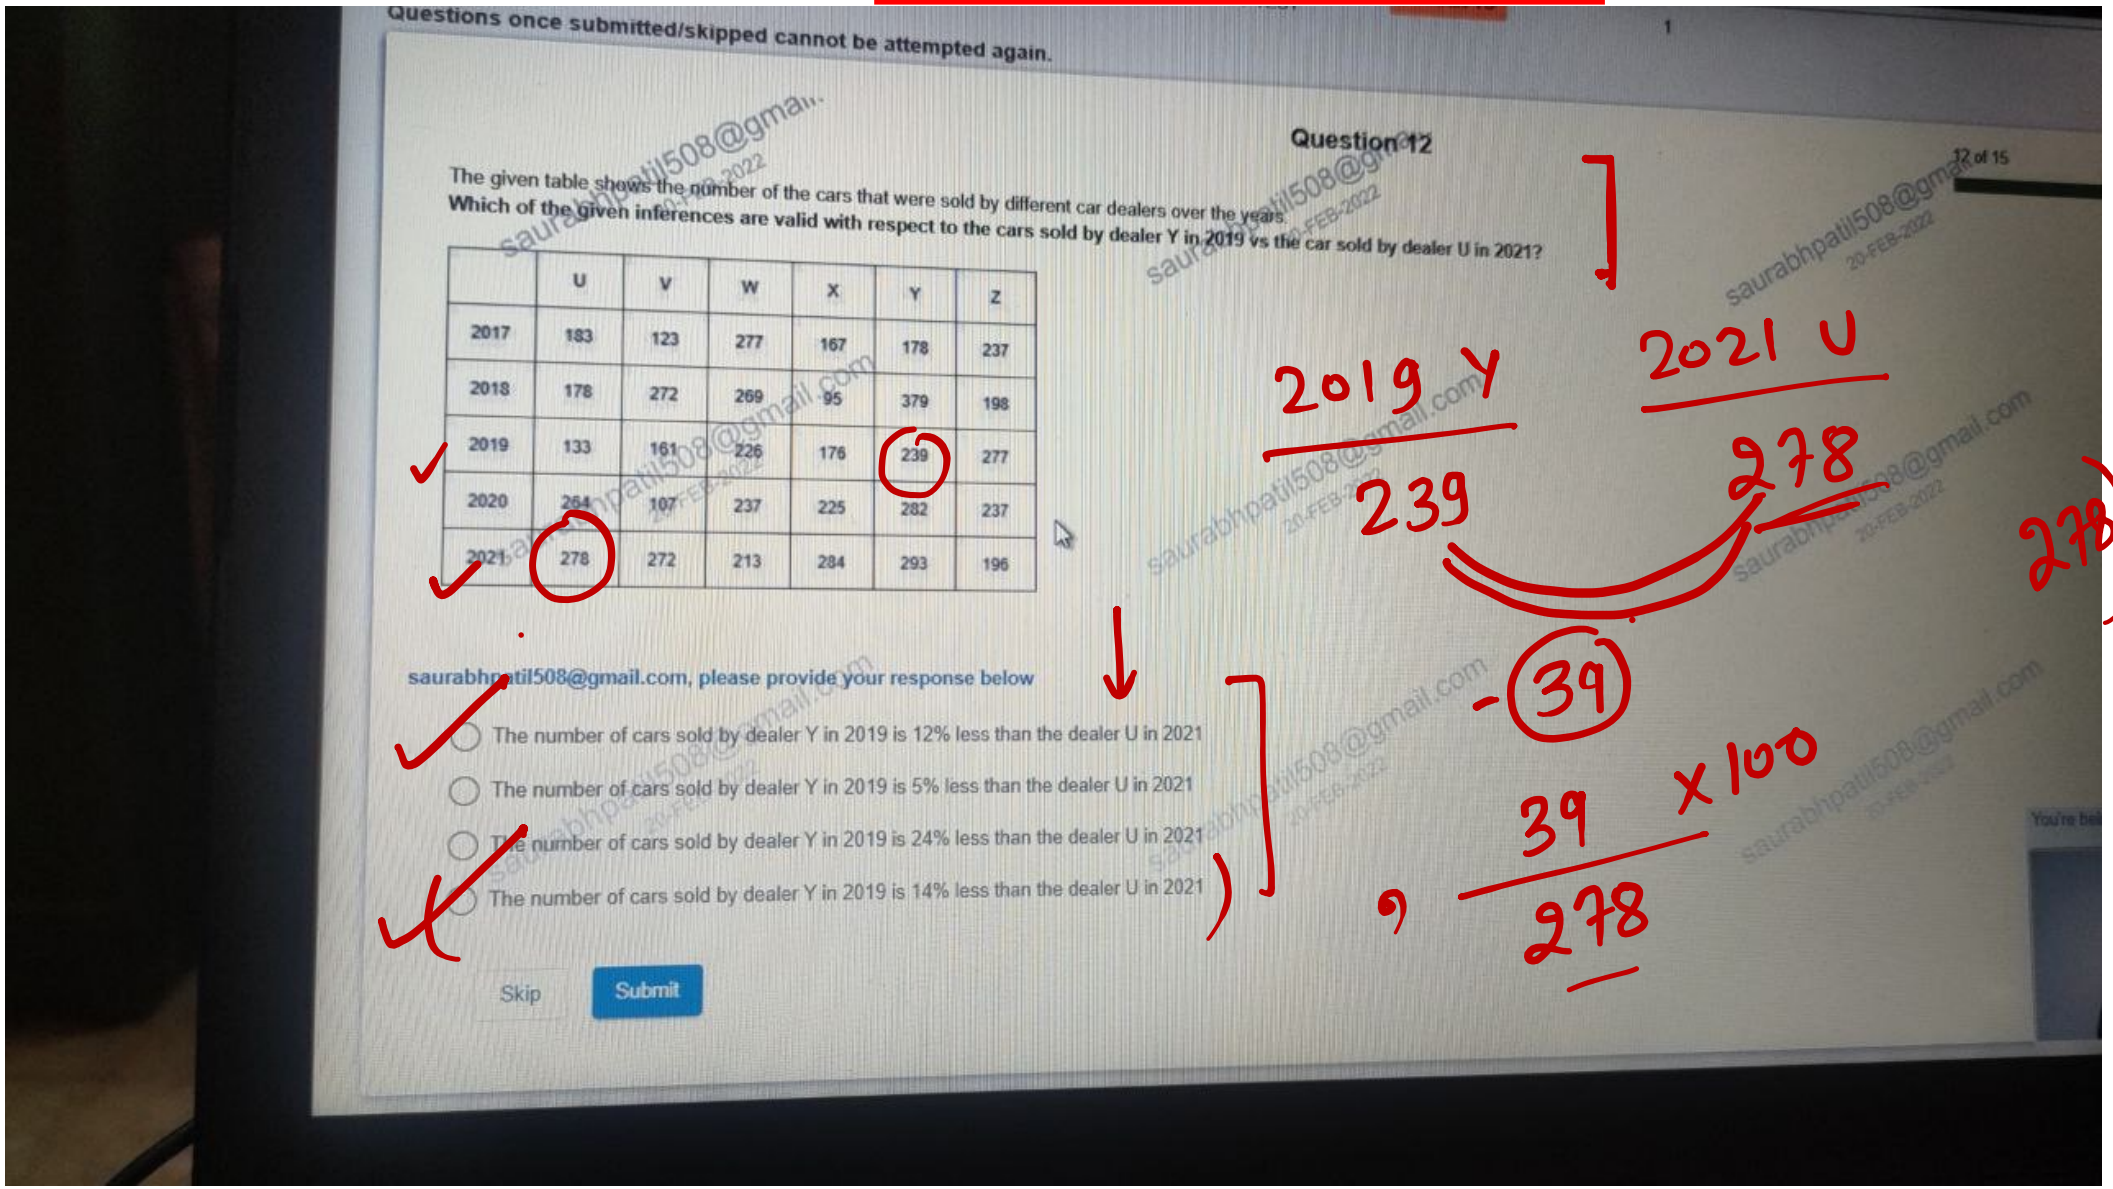

Income - 50

Loss % = (E - I / E) x 100

25/100 = E - 50 / E

1/4 = E - 50 / E

Question 12

12 of 15

The given table shows the number of the cars that were sold by different car dealers over the years.
Which of the given inferences are valid with respect to the cars sold by dealer Y in 2019 vs the car sold by dealer U in 2021?

	U	V	W	X	Y	Z
2017	183	123	277	167	178	237
2018	178	272	269	95	379	198
2019	133	161	226	176	239	277
2020	264	107	237	225	282	237
2021	278	272	213	284	293	196

saurabhpatil508@gmail.com, please provide your response below

- The number of cars sold by dealer Y in 2019 is 12% less than the dealer U in 2021
- The number of cars sold by dealer Y in 2019 is 5% less than the dealer U in 2021
- The number of cars sold by dealer Y in 2019 is 24% less than the dealer U in 2021
- The number of cars sold by dealer Y in 2019 is 14% less than the dealer U in 2021

Skip Submit

2019 Y → 239

2021 U → 278

278 − 239 = 39

$\frac{39}{278} \times 100$

Question 5

Given below are two statements followed by two conclusions numbered 1 and 2. You have to take the given two statements to be true even if they seem to be at variance from commonly known facts. Which of the given conclusions logically follows from the two given statements, disregarding commonly known facts.

Statements:
All trees are green in colour. No green-coloured thing is clean.

Conclusions:
1. All trees are clean. ✗
2. Green-coloured trees are not clean. ✓

sanjaykumar2000913dob@gmail.com, please provide your response below

- ○ Only conclusion 1 follows
- ○ Either 1 or 2 follows
- ✓ Only conclusion 2 follows
- ○ Neither 1 nor 2 follows
- ○ Both 1 and 2 follow

The table shows the number of invited person and the percentage of person who attended the events A, B, C, D and E. What is the ratio of the number of persons who attended the event B to the number of persons who attended the event C?

Events	Number of invited persons	Person who attended the events (in percentage)
A	360	50%
B	240	60%
C	420	80%
D	120	75%
E	300	50%

B : C → 240 × 60% : 420 × 80%

= 24 × 6 : 42 × 8

6 : 14

3 : 7
