INFOSYS TOP 50 QUESTIONS

The question below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and give answer. Question: In which direction is Q with respect to A? Statement I: A is to the north of P. P is to the west of Q. Statement II: Q is to the east of S. S is to the north of A.

shwinijaybhay1126@gmail.com, please provide your response below

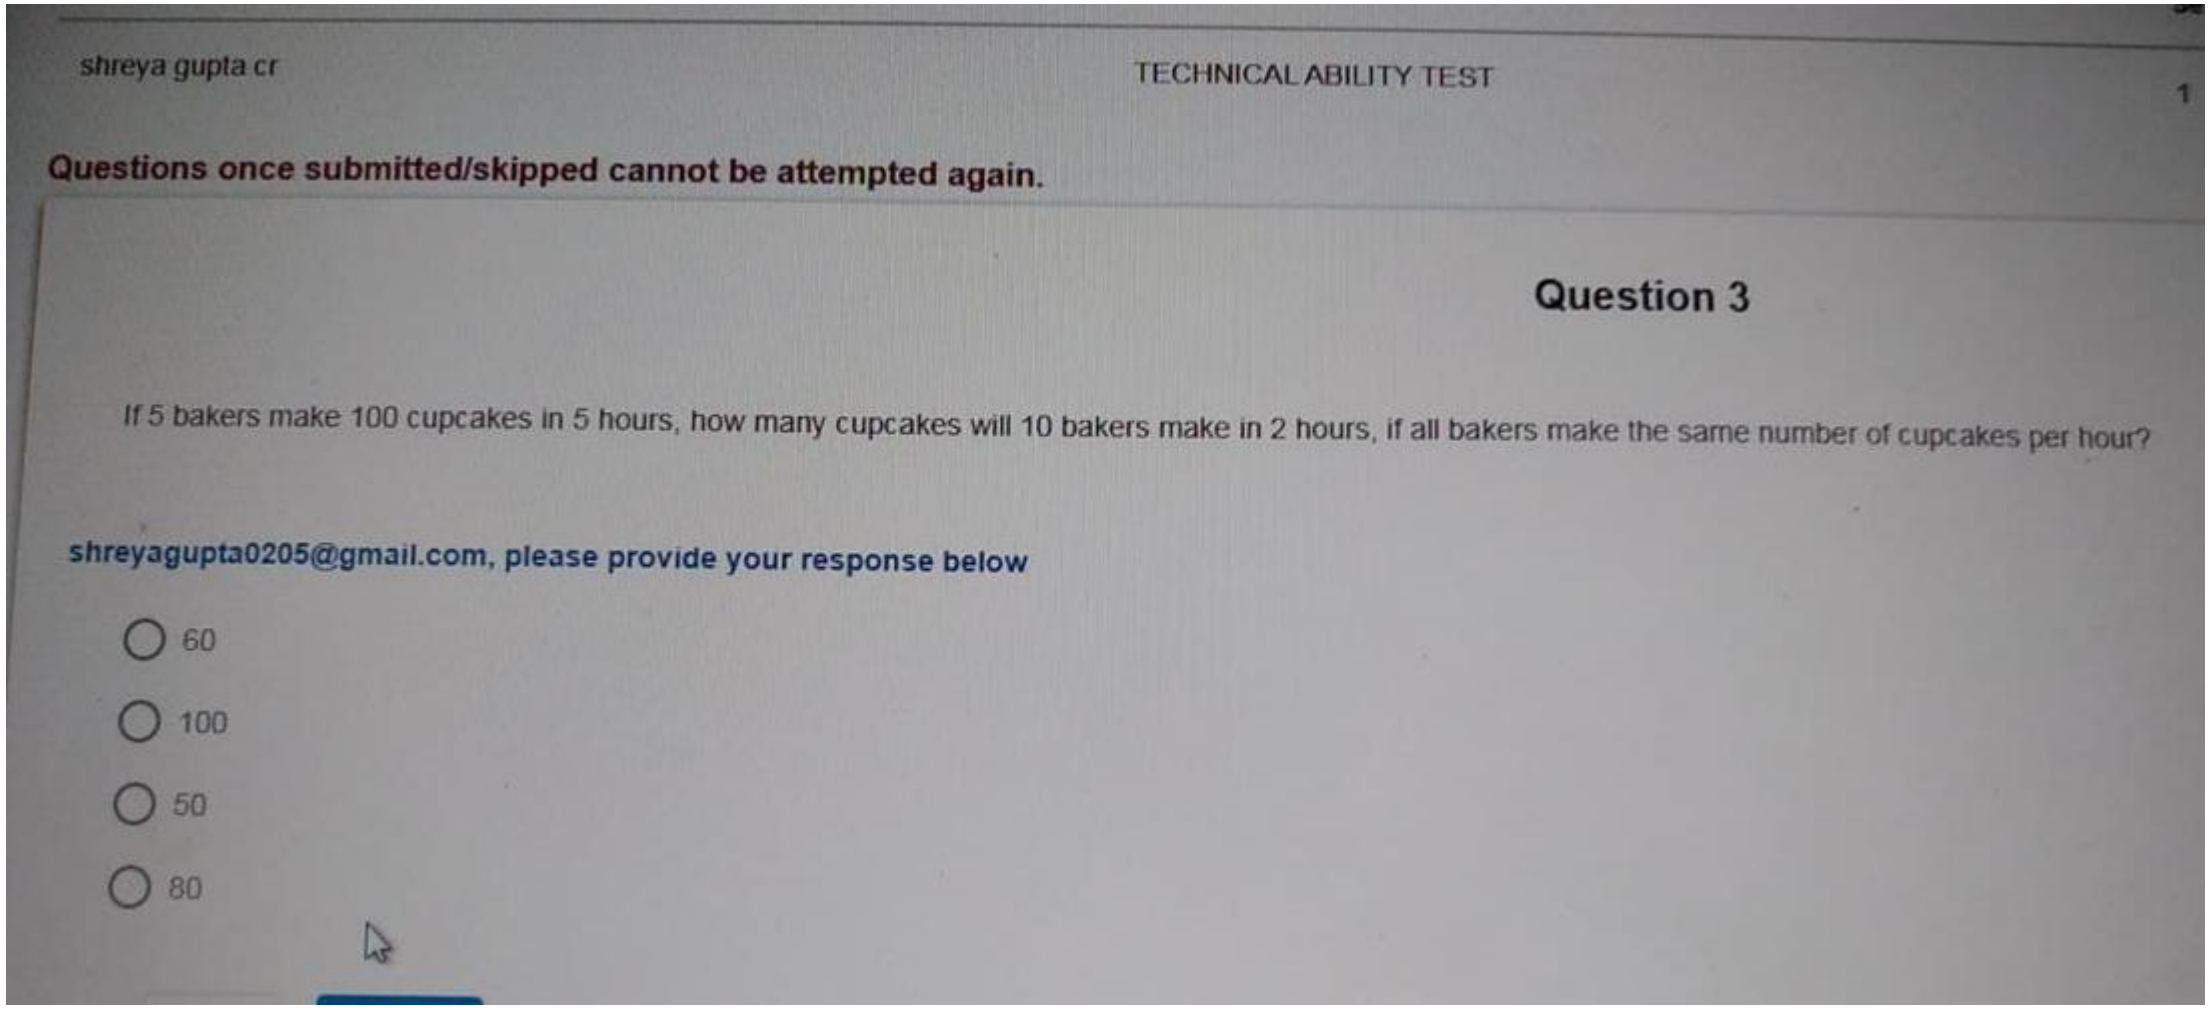

- Neither I nor II is sufficient
- I alone is sufficient while II alone is not sufficient
- II alone is sufficient while I alone is not sufficient
- Either I or II is sufficient

Question 8

8 of 15

In the question below, two statements are given, followed by two conclusions, I and II. You have to consider the statement to be true even if it seems to be at variance from commonly known facts. You have to decide which of the given conclusions, if any, follows from the given statements. Statements: Only a few A is B. Only a few B is C. Conclusion: I. All A is B is a possibility. II. All C is B is a possibility.

maniburneni@gmail.com, please provide your response below

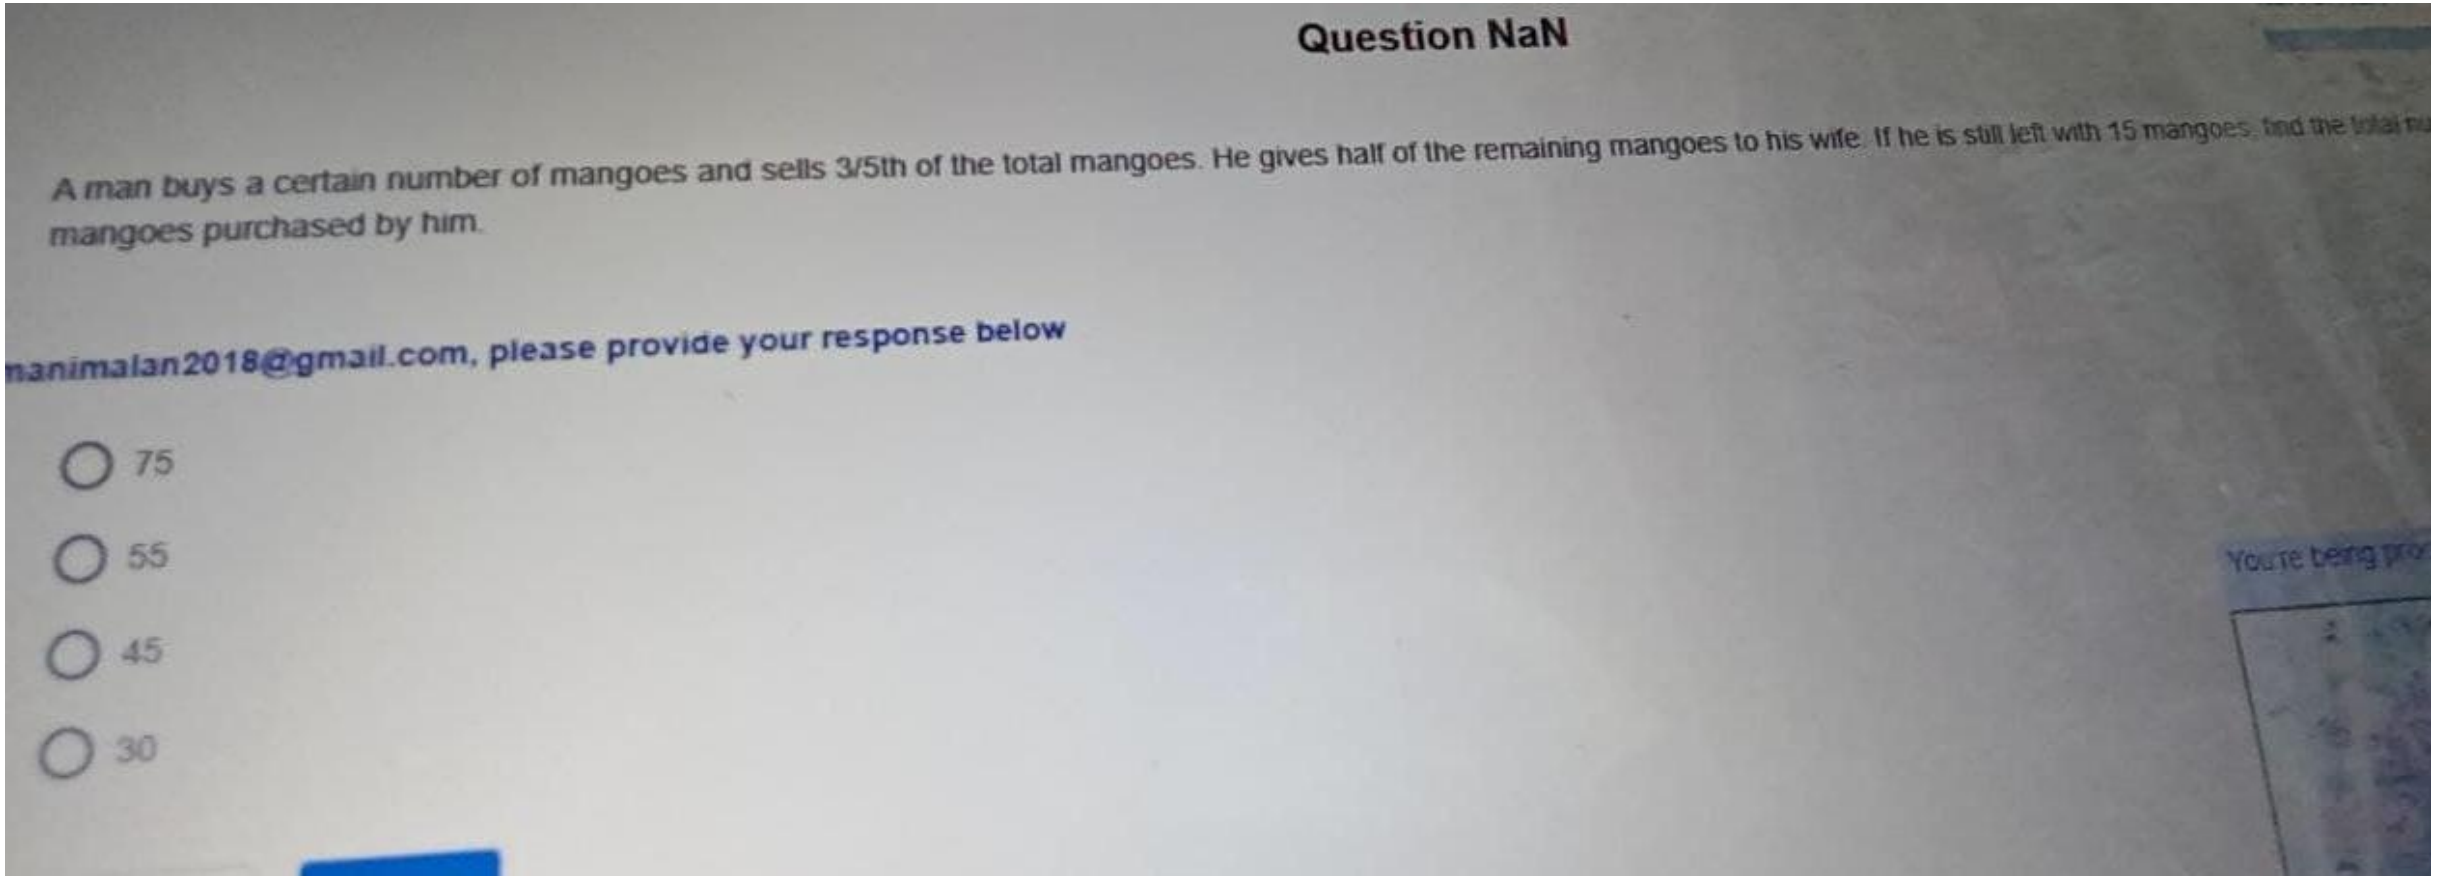

- ○ Neither conclusion I nor II follow.
- ○ Both conclusion I and II follow.
- ○ Only conclusion II follows.
- ○ Only conclusion I follows.
