Q121.

P) Most investors feel they lose out when the market rallies.
1) There are times when one is not sure of the direction in which a sector will move.
2) Every time such a thing happens you wish to include in your portfolio some of the stocks scaling the new highs every day.
3) While the index and several scripts may be running with each passing day, the investor may find that the specific shares in his portfolio are hardly moving.
4) All this can lead to rash decisions.
Q) Picking a winner even within a booming sector is tough.
