X is what % of Y ?

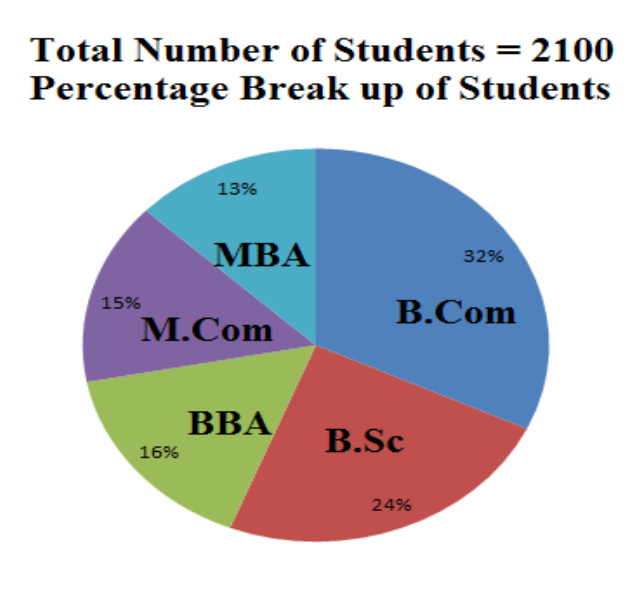

Question :What percent of 6.3kg is 9gms?

X is what % more/less than Y ?

Question : The sale of Company N is 40% less than that of Company T. Then by what per cent is the sale of company T more than that of N?

Video Solution

WARMUP SET :

Department	Ratio of Male to Female
B.Com	5 : 7
B.Sc	3 : 4
BBA	7 : 5
M.Com	13 : 8
MBA	2 : 1

What is the number of Male student studying in M.Com?

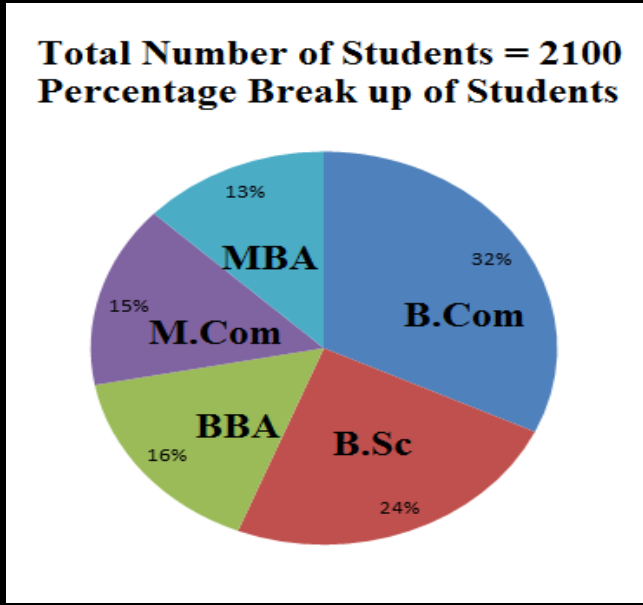

A) 210 B) 195 C) 190 D) 168 E) None

The number of Female student studying in B.Com approximately what per cent of the total number of students studying in all departments together?

A) 17 B) 15 C) 20 D) 23 E) None

Video Solution

WARMUP SET :

Department	Ratio of Male to Female
B.Com	5 : 7
B.Sc	3 : 4
BBA	7 : 5
M.Com	13 : 8
MBA	2 : 1

The number of male student studying in MBA is what per cent of the total number of Students studing in that department?

A) 32% B) 25% C) 66 2/3% D) 33 1/3% E) None

What is the respective ratio of the number of female student studying in B.Sc to the the number of female student studying in B.Com?

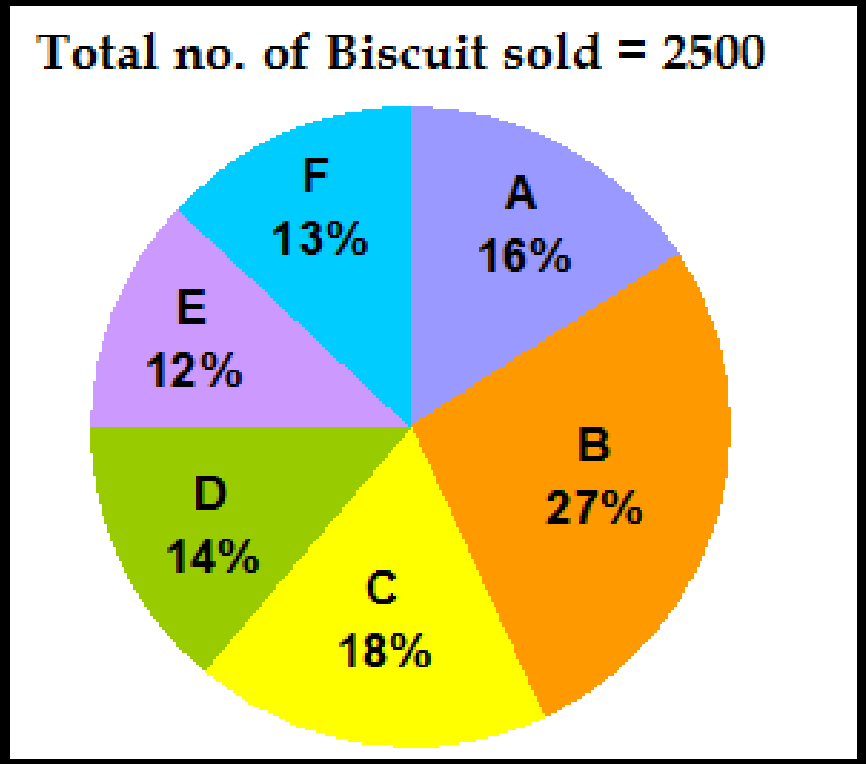

A) 35:27 B) 14:23 C) 27:35 D) 21:16 E) None

Study the following pie chart showing the distribution of sports budget among various sports to answer the questions that follow.

Spending of total Sport budget 144 crore.

1. What percentage of total spending is spent on Tennis?

(a) 12.5% (b) 18%

(c) 14% (d) 10%

(e) 8%

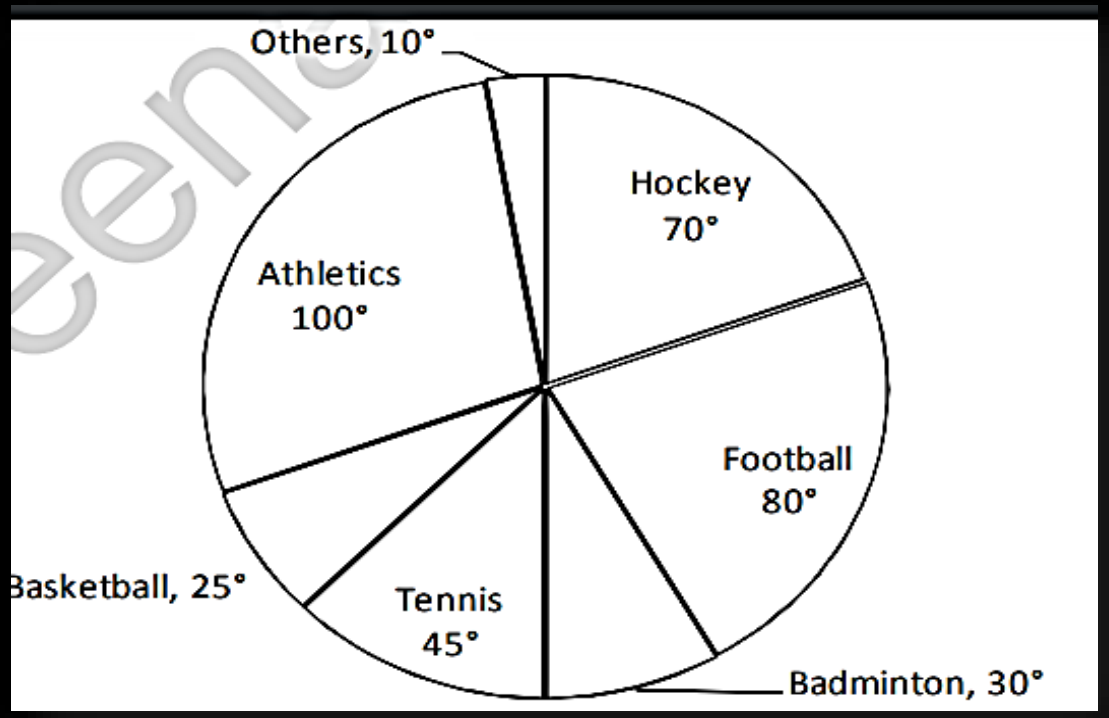

2. How much more is spent on Hockey than on Basketball?

(a) 15 cr (b)12 cr

(c) 18 cr (d) 20 cr

(e) 10 cr

Video Solution

Study the following pie chart showing the distribution of sports budget among various sports to answer the questions that follow.

Spending of total Sport budget 144 crore.

3. If total spending on Hockey is increased by 20% while that of football is decreased by 30%, what will be different between the spending on hockey and football now?

(a) 11.8 cr (b) 11.2 cr

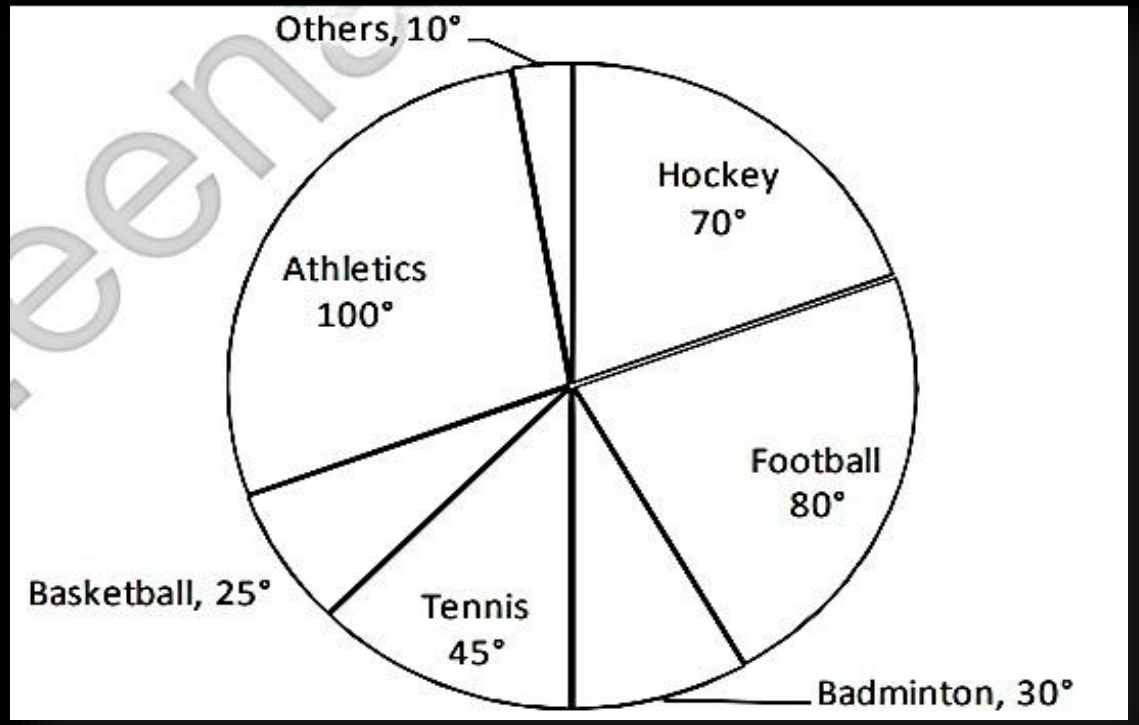

(c) 10.9 cr (d) 12.1 cr

(e) 12.8 cr

Video Solution

Study the following pie chart showing the distribution of sports budget among various sports to answer the questions that follow.

Spending of total Sport budget 144 crore.

4.What is the ratio of amount spent on Hockey, football and Tennis together to Rs. 84 crore?

5. If for another game, billiards with additional budget of 17 crore is allocated, what is the difference between amount spend on Others & Billiards?

(a) 12 cr (b) 10 cr

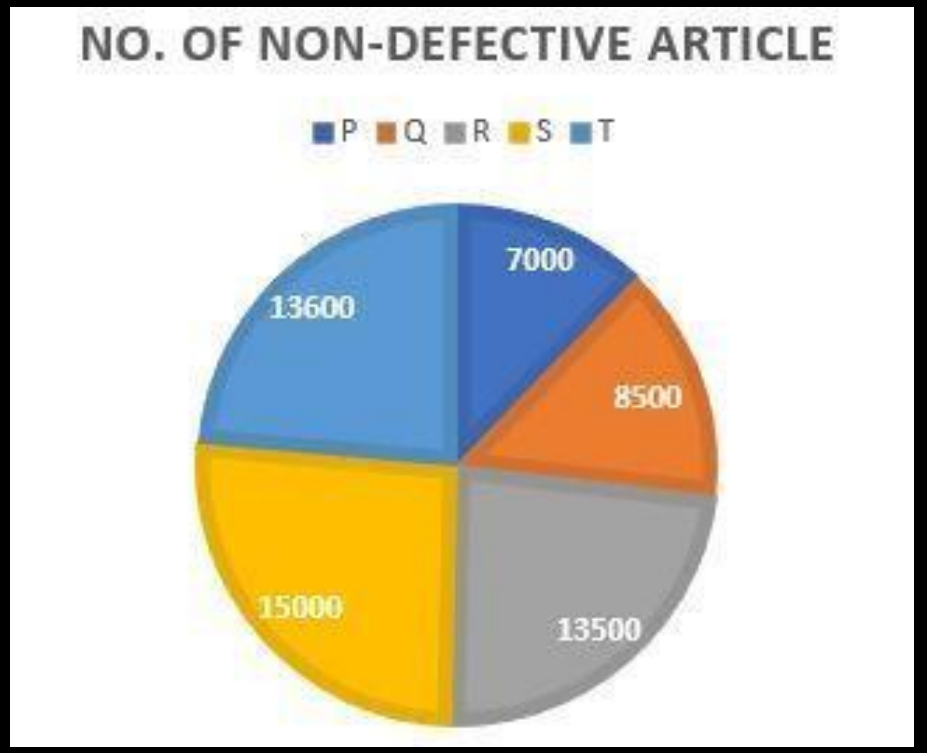

(c) 18 cr (d) 13 cr

(e) 20 cr
