> [!NOTE] This master compendium equips candidates with the behavioral psychology, structured STAR-method responses, Infosys C-LIFE corporate values, relocation and shift policies, and verbatim candidate interview transcripts required to clear the Infosys Systems Engineer HR round.

🤝 Behavioral HR Questions & The STAR Method Framework

> **The STAR Technique:**
> - **S (Situation):** Set the scene and provide context.
> - **T (Task):** Describe your responsibility or challenge.
> - **A (Action):** Explain the exact steps YOU took.
> - **R (Result):** Share the measurable outcome and what you learned.

1. Top Behavioral HR Questions & Model Answers

Question 1: "Tell me about yourself."

> **Verified Answer Key:** Full Score STAR Model Delivery Script (Enterprise Standard)

Detailed Solution & Interview Framework:

- **Formula:** Present (Current degree, technical skills) → Past (Key projects, achievements) → Future (Why Infosys SE role aligns with your career trajectory).
- **Target Duration:** 90 to 120 seconds.

Question 2: "What are your strengths and weaknesses?"

> **Verified Answer Key:** Strategic Strength-Weakness Response Template (Balanced Professional Standard)

Detailed Solution & Interview Framework:

- **Strength:** Analytical problem solving, perseverance, or quick adaptability to new tech stacks.
- **Weakness:** Mention a genuine minor weakness coupled with proactive remediation (e.g. *"Earlier I struggled with public speaking, but I actively participated in technical project seminars to overcome it"*).

🏢 Infosys Corporate Knowledge, History & C-LIFE Core Values

1. Key Facts About Infosys

- **Founded:** July 2, 1981, in Pune, India by 7 engineers (N.R. Narayana Murthy, Nandan Nilekani, S. Gopalakrishnan, S.D. Shibulal, K. Dinesh, N.S. Raghavan, and Ashok Arora).
- **Headquarters:** Bengaluru, Karnataka, India.
- **CEO & MD:** Salil Parekh.
- **Global Presence:** Operates across 50+ countries with 300,000+ employees.
- **Key Modern Offerings:** Infosys Topaz (Generative AI platform), Infosys Cobalt (Cloud suite), Infosys Springboard.

2. The C-LIFE Core Values

- **C:** Customer Delight
- **L:** Leadership by Example
- **I:** Integrity and Transparency
- **F:** Fairness
- **E:** Pursuit of Excellence

📝 Infosys Service Agreement, Relocation Policy & Shift Rotations

1. Key Operational Policies

- **Service Agreement (Bond):** Typically 12 months (1 year) post-training. Penalty of INR 1,00,000 applies if breached without completion of required term.
- **Relocation Policy:** Systems Engineers must be open to relocation across any Infosys Development Centre (DC) in India (Bengaluru, Pune, Hyderabad, Chennai, Mysore, Bhubaneswar, Chandigarh, Indore, Jaipur, Mangaluru, Thiruvananthapuram).
- **Shift Rotations:** Projects supporting global clients (US, Europe, APAC) operate on 24/7 rotational shifts. Answering *"Yes, I am comfortable working in rotational shifts and flexible environments"* is mandatory for clearance.
