Last Date for Registration: 13 September, 2025 till 11:00 AM

Off Campus 2024 Batch

INFOSYS RECRUITMENT

Dear Professor,

Greetings from Infosys! Hope you and your loved ones are doing well.

Infosys is a global leader in next-generation digital services and consulting. Our purpose is to amplify human potential and create the next opportunity for people, businesses, and communities. We enable more than 1,884 clients in more than 50 countries to navigate their digital transformation. We do it by enabling the enterprise with an AI-powered core, empowering the business with agile digital at scale, and our always-on learning agenda. Our team, of 3,28,000+ employees, makes this happen.

We are seeking enthusiastic students from **2024** and **2025** batches to join our organization as a **Systems Engineer Trainee**, offering a compensation package of **₹3.6 LPA.**

This year, our recruitment program will be conducted **in-person** at designated venues across India. The evaluation process is designed to identify candidates who align with our AI-driven vision, assessing both technical and behavioral skills.

The eligibility criteria for the roles have been shared below.

Courses: BE, BTech, ME, MTech, MCA, MSc (Integrated course - 5 years), MSc (Mathematics)

Branches:

Computer Science Engineering	Information Science & Engineering
Data Science / Artificial Intelligence & Machine Learning	Information Technology
Cybersecurity	Software Engineering
Electronics and Communication Engineering	Electronics and Electrical Engineering
Mechanical Engineering	Aeronautical Engineering

**All other courses similar to Computer Science and Information Technology are eligible*

Academic Criteria: a) 10th & 12th – 60%

b) Graduation & Post-graduation - 6 CGPA

Batch: 2024 and 2025 graduates

Interested students can apply using the **application link** mentioned below. Request you to circulate the same across candidates from 2024 and 2025 batches. Students need to apply latest by **Monday,15th September 2025.**

Infosys to Hire 20,000 Freshers in FY 2025–26 Amid Industry Layoffs

“We made significant hires. Our college graduate hiring target remains unchanged — we had a strong intake in Q1 and plan to hire 20,000 for the full year. Our utilisation is healthy, and our cautious approach reflects macro conditions. As the outlook becomes more stable, hiring will adjust accordingly

“If you look globally—especially in Europe and the US—macroeconomic shifts are either stabilising or still playing out. My view is that as these trends mature and the environment becomes more stable; we will return to stronger expansion.

Salil Parekh | CEO, INFOSYS

Infosys Designations & Selection Path (Freshers – 2025–26)

Designation	Selection Process / Path	Details	Package (Approx.)
