[CampusMonk] ENGLISH SESSION

Directions (1-8): Read the following passage and answer the following questions based on the given passage. Some of the words are highlighted which would help you to answer some of the questions given.
All political parties must be mindful of the core values that invigorate Indian democracyAs the countdown for elections to the 17th Lok Sabha begins, the world's largest democracy has a chance to re-imagine itself. Over the last 16 general elections and numerous elections at lower levels, the resolute trust that the founding fathers of the Republic put in the parliamentary democratic system has been substantially proven wise. India did make some dangerous turns and show signs of fragility, especially during the Emergency in the 1970s, but in the long term it expanded the scope of its democracy through widening representation, devolution of power and redistribution of resources. This is not to overlook the various maladies that have afflicted the country's democracy, such as disinformation campaigns, corruption, disenfranchisement of the weaker sections of the society, the corroding influence of money and muscle power in elections, and divisive majoritarian tendencies. (i) The representative character of institutions has in general improved, women and religious minorities are alarmingly underrepresented. The exercise of elections itself is a matter of great pride for all Indians. The Election Commission of India has over the decades evolved itself into a fine institution and plays a critical role in the support of democracy. Its efforts to increase voter participation through a series of small steps over the years, including the use of the Electronic Voting Machines, have been praiseworthy.
The vulnerabilities of Indian democracy have been pronounced in the last five years, and some of its long-term gains have been undermined. Therefore, this election is more than an exercise to elect a new government. This should also be an occasion to reiterate and reinforce Indian democracy's core values, its representative character and its promise of a constant rejuvenation of the collective spirit. The ECI has announced a series of fresh measures to strengthen the integrity of the electoral process and curb some rapidly growing hazards such as the spread of falsehoods aimed at creating social polarisation for consolidation of votes. Measures such as better monitoring of social media campaigns, while steps in the right direction, are not in themselves adequate to deal with the challenges of these times. The stakes are high for all contenders this year, and Indian politics has reached a level of competitiveness where ground rules of engagement are routinely disregarded. Prime Minister Narendra Modi, who rode to power in 2014 on the agenda of material progress through Hindutva, has to defend his reign to seek a second term. His opponents sense an existential danger from him and are trying to mobilise those left behind or who feel disempowered by his governance. While furthering individual interests, all parties must realise that democracy itself is at stake if the campaign is aimed at communal polarisation. Though the promise of Indian democracy has not been fully realised, voters have remained committed to it. They turn up in large numbers to vote, and consider the very act of voting as empowerment. That trust should be upheld.

QUESTION 32

[CampusMonk] VERBAL ABILITY - RC 01

Directions (01- 10): Read the following passage carefully and answer the questions given below it. Certain words are given in bold to help you locate them while answering some of the questions.

When we are children growing up, our imagination is the key to untold worlds. And it has been shown that kids with very active imaginations are more likely to dream and strive for greater things as adults. It is a sad fact that all too often, as we grow up, we are told to “get our heads out of the clouds”, to "stop daydreaming", and that living in an imaginary world is not good for us. But stifling your imagination is the worst thing you can do to yourself, as it will only pave the way for accelerated aging, and all too often a life that feels unfulfilled.

Though many take creativity for granted, it is a trait not possessed by everyone. Many people are labelled as primarily “right brained” or “left brained” (if such a thing exists): It is argued that highly intellectual, logical types are less likely to be creative, have less wild imaginations and are typically rule followers who do not believe in much of anything that cannot be logically quantified. Regardless of the left brain / right brain argument, imagination unleashes creativity, allowing you to live a life filled with potential. The creative individual does not see the sky as the limit, instead the limit is as far as he or she can imagine. They not only think outside the box, for them there is no box, and so their brains are constantly challenged, humming and conjuring up all sorts of goodies. Anything the mind can conjure is good enough to become true, be it work, life, personal goals accomplishments or anything. A very good trait to cultivate from childhood.

Empathy is the act of being truly sympathetic to another person, without ever actually experiencing what they are going through yourself. Sadly, many people do not know how to express empathy, and the reason for this is simple; it is not because that person is a bad individual, or mean spirited. It simply means that individual cannot imagine the feelings of the person experiencing a particular event, and thus cannot truly relate. Your imagination may leave you in a good position to offer a shoulder for comfort and support, as you are able to envision going through the same thing as the person suffering, and thus able to demonstrate what you think a person needs at that time. Being of service towards other people in that way, promotes your own mental health and emotional well being.

Those brain connections are a part of what makes you who you are, and forming new connections supports memory functions and keeps the brain vibrant and strong. Your imagination can be a useful tool for strengthening these connections, in order to form long-term memories. Here are two explanations of how memory works; an intellectual will harness and strengthen memory by repetition. Studying work day after day enhances these connections bit by bit, or via physical practice. On the other hand, someone who uses their imagination may know something well, and be able to recall everything without seeming to make an effort. Take for example planning for their wedding. Years and years beforehand, that person could have meticulously planned and imagined their dream wedding, so that when the actual time comes, the planning step and what they want pops up like clockwork.

Q1. What, according to the passage, is/are the disadvantage(s) of constraining the children to be realistic and not imaginative?

(I) it will lead to an unfulfilled life.

(II) They lack empathy

(III) It limits the growth of their brain

(A) Only (I)

(B) Only (II)

(C) Both (I) and (II)

(D) Both (II) and (III)

(E) All

✓ **Correct Answer: (C)**

Refer the last few lines of first paragraph "But stifling your imagination is the worst thing you can do to yourself, as it will only pave the way for accelerated aging, and all too often a life that feels unfulfilled." Hence option (c) is the correct choice.

QUESTION 38

[CampusMonk] VERBAL ABILITY - RC 02

Directions (1-5): Read the given passage and answer the following questions based on the passage.
For almost two decades, the Central Ground Water Board (CGWB) has been reporting on the increasing number of over-exploited blocks across India, the 'dark' category blocks. The recent annual book of CGWB has reported 1,034 units, out of the 6,584 units it monitors, as over-exploited. If this is the 'crisis', then we have had it for long. What has this not received enough attention? Is it because these zones are not in cities?
Just to be sure how critical the 'crisis' is, CGWB's 2013 estimates say that the groundwater development in India is just about 62% of the utilisable groundwater reserves. Similarly, a recent report by the Central Water Commission, prepared in collaboration with the Indian Space Research Organisation (ISRO), asserted that India is not yet in "water scarcity condition". But it is certainly in a "water-stressed condition", with reducing per capita water availability. Here, we certainly don't mean to say that India can continue with the present ways of water management. We also cannot remain in a state of denial that a crisis is not in the making. However, certain steps need to be taken to ensure a more useful and productive discourse about water governance challenges.
First, India needs to reconsider the institutional processes for dissemination of knowledge about water resource management. There is a certain amount of danger inherent in the casual manner in which knowledge about water resources is legitimised and consumed, particularly in these days of 'viral' information.
Second, we need to recognise the crisis is not as much of scarcity as of delivery. The challenge is to ensure an adequate access to quality water, more so in urban areas where inequities over space and time are acute. We need to also realise that with the country's rapid urbanisation, demand cannot be met by groundwater reserves alone. For instance, according to the Delhi Jal Board estimates, groundwater meets just 10% of Delhi's drinking water needs. The rest is met by surface water sources, most of it transported from outside Delhi. The urban needs, which underpin much reporting on 'water crises', need to be met by robust long-term planning and preparation for droughts and other contingencies.
Finally, we need to reconsider our approaches to water governance. We must recognise that the fulcrum of change and action is with the States. For long, water resource departments in States have continued to follow the conventional approaches of supply augmentation. The challenge is that of reorienting themselves towards deploying strategies of demand management, conservation and regulation. The Centre has to work with States towards an institutional change for the necessary course-shift. The Finance Minister, in her budget, repeatedly stated that the government will work with States to address India's national water security challenges. Let us hope that the government intends to _____ (A) federal governance of water resources towards long-term water security.
Q1. What could be the appropriate title of this passage?

(A) Water crisis

(B) water crisis: Inadequate rainfall

(C) Preserving water

(D) **Water governance strategies**

(E) None of These

✓ Correct Answer: (D)

Refer to the last and second last paragraph of this passage, it states that crisis of water is not due to scarcity but it is due to lack of preservation measures for delivering the same. As only groundwater is not sufficient due to expanding urbanisation, there needs to be long term planning and alongside staying prepared for drought. Also, in the last paragraph, the author says for reconsidering the strategies for water governance. For coping up with water security challenges, the Centre needs to collaborate with States strengthening the water resources

governance and ensuring water security in the long term. Rest of the options are not specific enough to portray the passage as a whole. Thus, option (d) is the most suitable title for the above passage

QUESTION 39

[CampusMonk] VERBAL ABILITY - RC 02

Directions (6-10): Read the given passage and answer the following questions based on the passage.
There has been much development recently with respect to the Protection of Children from Sexual Offences (POCSO) Act, 2012. With an objective of stopping the rampant sexual abuse of children, the Protection of Children from Sexual Offences (Amendment) Bill, 2019 was introduced in the Rajya Sabha in July, and later passed by both Houses of Parliament. It is all set to become the 'law of the land'. The present bill is welcome in certain respects as it specifically defines what 'child pornography' is; 'using a child for pornographic purposes' and for 'possessing or storing pornography involving a child' is punishable. It has also widened the ambit of 'Aggravated sexual assault'.
The highlight of the Bill is the introduction of the death penalty for the rape of minors. The Bill, in its object clause, justifies this by referring to the judgments of the Supreme Court in Machhi Singh (1983) and Devender Pal Singh (2002) in which the court has held that the death penalty can be awarded only in rarest of rare cases. Thus the intention of the Bill is to have a deterrent effect; but it can be argued that the introduction of the death penalty may backfire in cases of child sexual abuse and even have a catastrophic effect. Often, the perpetrators of abuse are family members and having such penalty in the statute book may discourage the registration of the crime itself. Also, it may threaten the life of the minor as the maximum punishment for murder is also the death sentence.
The Justice J.S. Verma Committee, which was constituted in 2013 in the aftermath of the Nirbhaya case, after due deliberations found itself against the imposition of death penalty in rape cases. The 262nd Report of the Law Commission of India, 2015, also provides for abolition of the death penalty except in terror cases.
Today, the death penalty has become a prominent tool of symbolic legislation — a political statement indeed. Many a time, the Government, by introducing the death penalty, portrays itself to be strict and serious with regard to such offences. It largely diverts attention from the core issues of infrastructural apathy, procedural lapses and trial delays and conveniently evades the fact that 'it is the certainty of punishment rather than its severity which has deterrence in real sense'. It is pertinent to note here that even a year-and-a-half after the passage of the Criminal Law (Amendment) Bill, 2018, which introduced the death penalty for rape of a minor girl, such incidents have not been under check. The debate here is not about retaining or abolishing the death penalty but the probable _____(A) of its provision in the Act.
The Supreme Court has recently taken cognisance of the sexual abuse of children, directing its registry to file a case as writ petition with cause title "In-re Alarming Rise in The Number of Reported Child Rape Incidents". The court has also observed that it intends having a 'zero tolerance policy' toward child rape. As data on sexual crimes against children collected by the court show, 24,212 FIRs were filed across India from January to June this year. According to National Crime Records Bureau data of 2016, the conviction rate in POCSO cases is 29.6% while pendency is as high as 89%. The prescribed time period of two months for trial in such cases is hardly complied with.
The court has also taken note of the delay in trials, in turn directing the Central Government to set up special courts within 60 days of the order in each district having more than 100 pending cases under the Act. It is to be seen how long it takes to comply with the order.
The Criminal Law (Amendment) Act, 2018 introduced the death penalty for rape of girls below the age of 12. At the same time, the POCSO Act, under Section 42, provides that where the same act constitutes an offence under the said Act and any other law, then the offender will be punished under the Act or such law, whichever provides for greater punishment. This has created an issue as the effect of such an amendment was death penalty for rape of minor girls but not for assault against minor boys.
The proposed Bill does away with such a discrepancy. It is gender neutral and provides for the death penalty for "aggravated penetrative sexual assault of a child", thus bringing both these pieces of

legislation on a par with each other in this respect. With these amendments and with the Supreme Court considering child abuse “intolerable”, there seems to be reasonable hope now that vulnerable children could be safer. The Bill is a step forward in preventing child abuse but the consequences of providing for the death penalty need to be closely observed.

Q6. What could be the most appropriate title of this passage?

(A) Pondering over POSCO Bill

(B) Life sentence under POSCO Bill

(C) Diverting attention from core issues under POSCO Bill

(D) All of the above

(E) None of These

✓ Correct Answer: (A)

Option (a) is the most suitable answer choice. It fits as the title of the passage because it states the entire theme behind this passage in few and precise words.

QUESTION 40

[CampusMonk] VERBAL ABILITY - RC 02

Directions (11-15): Read the following passage and answer the following questions based on the given passage.

As the country celebrates 50 years since bank nationalisation, bank employees will be proud that they have contributed to nation-building. Still there are basic issues close to the bankman's heart that are yet to find redressal, observes Jyothi KP, Vice-President, All-India Bank Officers' Confederation, Kerala, and a National Executive Committee member.The Banking Companies (Acquisition and Transfer of Undertakings) Acts of 1970 and 1980 provide that the Central Government, in consultation with the Reserve Bank of India, may make a scheme, inter alia, for amalgamation of any nationalised bank with any other nationalised bank or any other banking institution. Various committees, including Narasimhan Committee (1998) constituted by the RBI, Leeladhar Committee (2008) chaired by the RBI Deputy Governor, and the Nayak Committee (2014) constituted by the RBI, have recommended consolidation of public sector banks (PSBs) given underlying benefits/synergies.

Taking note of this and potential benefits of consolidation for banks as well as the public through enhanced access to banking services, the government, in order to facilitate consolidation among PSBs to create strong and competitive banks, serving as catalysts for growth, with improved risk profile, has approved a framework for proposals to amalgamate PSBs through an Alternative Mechanism.The following amalgamation/mergers have already happened post-nationalisation and some more are reportedly in the pipeline. This creates stress for the employees since they are scared for their existence and job security, observes Jyothi.

Giving a bank employee's perspective, Jyothi recalled that the banking sector was in the red in Q4 of 2018-19 with a loss of ₹20,817 crore. In 2017-18, they had reported a massive loss of ₹85,000 crore forcing lenders to make provisions for bad loans and clean-up of the books.

Till such time a project is commissioned in line with the approved schedule, banks should not be forced to categorise such projects as NPA, notes Jyothi. In the event of classification of big-ticket advances as NPA, the government should pro-actively help banks in realising the public money. It should initiate steps to declare suo moto 50 top NPAs of each banks as wilful defaulters and to publish their names and photos.

For implementing SARFAESI provisions, many bank officers are targeted, even personally. By merely targeting the bank officers responsible for executing the Act, the political fraternity is missing the point to bring amendments to the Act itself.

The humongous challenge of realising the NPA is telling on PSB bottomlines. This is also subjecting the desk officers to unreasonable amount of work pressure and stress.

Irregular working hours, stress on account of financial risk in routine work schedules, technical problems of software, and IT-related issues add to the worries of the already traumatised bank employees.In many cases, their retirement benefits are withheld. Many are arrested and are not aware as to why the arrest is happening in the first place, evening leading to suicides.

According to Section 5 of the Banking Regulation Act, banking means 'accepting, for the purpose of lending and investment of deposits of money from public, repayable on demand or otherwise and withdrawal by cheque, draft, order or otherwise.'However, sale of para-banking products and implementation of government schemes take away the lion's share of working hours of an average PSB employee.As mentioned earlier, when the balance sheet turns red, all blame is shoved on the desk-level officers for non-profitability/non- performance.

Yet, when it comes to wage revision, the question of profitability arise. The settlement takes place between Indian Banks' Association (IBA) and United Forum of Bank Unions (UFBU).

The IBA represents bank managements and the UFBU, officers, employees, and staff organisations. The Charter of demands had been submitted in a time bound manner and the IBA had agreed to complete the process of negotiations expeditiously within the time-frame so as to reach the settlement before October

2017. However, since five major bank managements have not given full mandate for negotiating wages up to scale VII , the AIBOC is not participating in the talks now.
Q11. Why amalgamation of Public sector banks has become a stress lately for the bank employees?

(A) Proposals to amalgamate PSBs via an alternative method is approved by the government

(B) The job security and existence of a bank employees becomes questionable

(C) Because such amalgamations have been done after nationalisation and still followed by more such mergers.

(D) During the year 2018-2019, banking was insolvent with a loss of 20,817 Crore Rs.

(E) All of the above

✓ Correct Answer: (C)

As it is mentioned in paragraph second, due to amalgamation of banks, the job security and existence of employees of the bank being amalgamated creates stress as their existence becomes questionable. Hence, option (b) is correct.

After centuries of obscurity, this philosopher's thesis is enjoying a surprising ___ .

(A) remission

(B) decimation

There is a general ____ in the United States that our ethics are declining and that our moral standards are ____.

(A) feeling - normalizing

(B) idea - futile

(C) optimism - improving

(D) **complaint - deteriorating**

✓ Correct Answer: (D)

Ans - D The conjunction 'and' usually joins things of similar meaning or weight. This suggests that since ethics are declining, moral standards are also declining (deteriorating). Almost any word except 'optimism' would have fit the first blank.

QUESTION 44

[CampusMonk] 4. Full Length Verbal Ability

Fill in the blank with suitable words from the options.
In the Middle Ages, the ____ of the great cathedrals did not enter into the architects' plans; almost invariably a cathedral was positioned haphazardly in ____ surroundings.

(A) **situation - incongruous**

(B) location - apt

(C) ambience - salubrious

(D) durability - convenient

✓ Correct Answer: (A)

Ans - A The semicolon indicates that the second part of the sentence expands on the first part. So, the second part tells us we are talking about the position, or situation of a cathedral. And since the first part tells us that architects did not pay attention to the situation, the cathedral was positioned randomly in odd (incongruous) surroundings.

QUESTION 45

[CampusMonk] 4. Full Length Verbal Ability

Fill in the blanks with suitable answer options.
Archaeology is a poor profession; only ____ sums are available for excavating sites and even more ____ amounts for preserving the excavations.

(A) paltry - meager

(B) miniscule - substantial

(C) average - augmented

(D) judicious - penurious

✓ Correct Answer: (A)

Ans - A The part after the semicolon expands upon the first part of the sentence. So, since the first part tells us that there is no money in archaeology, then there will only be small (paltry) amounts for excavating. Also 'even more' indicates that another similar word is required. Thus, meager also means small.

(C) dramatized

(D) promoted

✓ Correct Answer: (A)

In this biography we are given a glimpse of the young man _____ pursuing the path of the poet despite _____ and rejection slips.

(A) doggedly - disappointment

(B) sporadically - awards

(C) tirelessly - encouragement

(D) successfully - acclaim

✓ Correct Answer: (A)

Ans - A The word 'despite' indicates something contrary. So, despite the rejection slips he pursues his path doggedly or tirelessly. But since the 'and' links similar things he is getting disappointment along with the rejection slips, not encouragement.

(A) deleterious

(B) innocuous

(C) persistent

(D) noxious

✓ Correct Answer: (B)

Ans - B Turn the sentence around, and fit a word of your own in the blank. The demonstration of the potential threat challenged the assumption that the CFCs would be 'harmless' because they were inert. Innocuous is the best word because it means harmless.

QUESTION 65

[OnlineStudy4U] INFOSYS TEST SERIES-2

A
man covers a certain distance by car at 60 km/h and returns at 40
km/h. Find his average speed.

(A) **48 km/h**

(B) 50 km/h

(C) 45 km/h

(D) 52 km/h

✓ Correct Answer: (A)

Average speed = (2×60×40)/(60+40) = 4800/100 = 48 km/h.

QUESTION 66

[OnlineStudy4U] Infosys Full Length Mock Test-1

What is the output of the following Pseudo Code?

```
Integer
x, i
Set
x = 0
for
i = 1 to 6 do
if
i % 2 == 0 then
continue
end
if
x
= x + i
end
for
Print
x
```

(A) 9

(B) 12

(C) 16

(D) 21

✓ Correct Answer: (A)

continue skips even values of i. The loop runs i = 1 to 6, so only the odd values 1, 3 and 5 are added. x = 1 + 3 + 5 = 9.

QUESTION 67

How many times does the loop body run, and what is printed?

```
Integer
i, count
Set
i = 1, count = 0
while
i < 20 do
i
= i * 2
count
= count + 1
end
while
Print
count
```

(A) 3

(B) 4

(C) 5

(D) 6

✓ Correct Answer: (C)

Trace i and count: start i=1. Pass 1: i=2, count=1. Pass 2: i=4, count=2. Pass 3: i=8, count=3. Pass 4: i=16, count=4. Pass 5: i=32, count=5. Now i=32 is not less than 20, so the loop stops. Printed value is 5.

QUESTION 68

[OnlineStudy4U] Infosys Full Length Mock Test-1

What value is printed by the following
Pseudo Code?

```
Function
Mystery(n)
if
n <= 1 then
return
1
end
if
return
n * Mystery(n - 1)
End
Function
Print
Mystery(5)
```

(A) 15

(B) 24

(C) 120

(D) 125

✓ Correct Answer: (C)

Mystery(n) computes n!. Mystery(5) = 5 × 4 × 3 × 2 × 1 = 120.

QUESTION 69

[OnlineStudy4U] Infosys Full Length Mock Test-1

What is the output of the following Pseudo
Code? Integer division is used.

```
Integer

Set
a = 17, b = 5
Print
(a / b) + (a % b)
```

(A) 3

(B) 4

(C) 5

(D) 7

✓ Correct Answer: (C)

Integer division: 17 / 5 = 3. Remainder: 17 % 5 = 2. Printed value = 3 + 2 = 5.

QUESTION 70

[OnlineStudy4U] Infosys Full Length Mock Test-1

What is printed after the following Pseudo Code runs?

```
Integer
a, b
Set
a = 12, b = 8
a
= a + b
b
= a - b
a
= a - b
Print
a, b
```

(A) 12 8

(B) 8 12

(C) 20 8

(D) 20 12

✓ Correct Answer: (B)

This swaps the two values without a third variable. a = 12+8 = 20, b = 20-8 = 12, a = 20-12 = 8. Output: 8 12.

QUESTION 71

[OnlineStudy4U] Infosys Full Length Mock Test- 2

Is the integer n even? Statement 1: n is divisible by 4. Statement 2: n + 1 is odd.

(A) Statement 1 alone is sufficient, but Statement 2 alone is not

(B) Statement 2 alone is sufficient, but Statement 1 alone is not

(C) Either statement alone is sufficient

(D) Both statements together are needed

✓ Correct Answer: (C)

S1: every multiple of 4 is even. S2: if n + 1 is odd, n itself is even. Either statement answers the question.

QUESTION 72

[OnlineStudy4U] Infosys Full Length Mock Test- 2

Arrange the sentences to form a coherent paragraph. P: A weekly demo forces that conversation to happen on a fixed day. Q: Product work stalls when developers and users rarely meet. R: Feedback then arrives early enough to change the next sprint. S: Waiting until the final release is usually too late.

(A) Q S P R

(B) Q P S R

(C) P Q R S

(D) S Q P R

✓ Correct Answer: (A)

Q is the problem. S warns against delay. P offers the routine. R is the result. Order: Q S P R.

QUESTION 73

[OnlineStudy4U] Infosys Full Length Mock Test- 2

What is printed by the following Pseudo Code?

```
Integer
i, j, count
Set
count = 0
for
i = 1 to 4 do
for
j = 1 to i do
count
= count + 1
end
for
end
for
Print
count
```

(A) 4

(B) 8

(C) 10

(D) 16

✓ Correct Answer: (C)

The inner loop runs i times for each i from 1 to 4. Total iterations = 1+2+3+4 = 10. So count prints 10.

QUESTION 74

[OnlineStudy4U] Infosys Full Length Mock Test- 2

What is the output of the following Pseudo Code?

```
Integer
a, b
Set
a = 9, b = 5
Print
a ^ b
```

(A) 4

(B) **12**

(C) 13

(D) 14

✓ Correct Answer: (B)

9 in binary is 1001 and 5 is 0101. XOR sets a bit where the bits differ: 1100, which is 12.

QUESTION 75

[OnlineStudy4U] Infosys Full Length Mock Test- 2

What value is printed by the following Pseudo Code?

```
Function
F(n)
if
n == 0 then return 0
if
n == 1 then return 1
return
F(n - 1) + F(n - 2)
End
Function
Print
F(6)
```

(A) 5

(B) **8**

(C) 13

(D) 21

✓ Correct Answer: (B)

F is the Fibonacci sequence: F(0)=0, F(1)=1, F(2)=1, F(3)=2, F(4)=3, F(5)=5, F(6)=8. So the printed value is 8.

QUESTION 76

[OnlineStudy4U] Infosys Full Length Mock Test- 2

A queue follows FIFO. What is printed by the following Pseudo Code?
Queue
Q
enqueue(Q,
2)

6)
dequeue(Q)
enqueue(Q,
8)
Print
front(Q)

(A) 2

(B) **4**

(C) 6

(D) 8

✓ Correct Answer: (B)

After three enqueues the queue is [2, 4, 6] with 2 at the front. dequeue removes 2. enqueue 8 makes [4, 6, 8]. front returns 4.

QUESTION 77

[OnlineStudy4U] Infosys Full Length Mock Test- 2

A stack follows LIFO. What is printed by the following Pseudo Code?

```
Stack
S
push(S,
5)
push(S,
8)
push(S,
3)
pop(S)
push(S,
7)
Print
peek(S)
```

(A) 3

(B) 5

(C) 7

(D) 8

✓ Correct Answer: (C)

Stack after the three pushes: [5, 8, 3] with 3 on top. pop removes 3. push 7 makes the stack [5, 8, 7]. peek returns the top element, which is 7.

QUESTION 78

[OnlineStudy4U] Infosys Full Length Mock Test- 3

Passage

Open-source licences let companies use shared libraries without writing every component from scratch. That speed has a condition: teams must track which licence each library carries. A copyleft licence can require the company to publish its own source if the library is mixed into a shipped product. Permissive licences are lighter, but they still ask for credit. Legal reviews that happen only a week before release often find a blocked component and force a rewrite. Groups that keep a licence inventory from the first sprint avoid that scramble.

A copyleft licence may require a company to

(A) pay a yearly fee only

(B) rename the library

(C) **publish its own source if the library is mixed into a shipped product**

(D) delete all comments

✓ Correct Answer: (C)

The third sentence states that copyleft can require publishing the company's own source when the library is mixed into a shipped product.

QUESTION 79

[OnlineStudy4U] Infosys Full Length Mock Test- 3

Arrange: P: Stand-ups that run past fifteen minutes usually lose the room. Q: The aim is to surface blockers, not to redesign the sprint. R: A written board already holds the task detail. S: Speaking to the board keeps each update short.

(A) P Q R S

(B) **Q R S P**

(C) P R Q S

(D) Q P S R

✓ Correct Answer: (B)

Q states the aim. R notes where detail already lives. S is the method. P warns what happens when it fails. Q R S P.
