INFOSYS SE — TABULAR & ATTRIBUTE MATCHING PUZZLES

10 High-Yield Caselet Questions • Multi-Variable Matching (Cars, Professions, Cities, Floors & Departments)

SECTION 1: Tabular & Attribute Matching Puzzles (Caselets) (10 Questions)

[CampusMonk Set 01 (Engineering Branches)]

Directions: *A training college has to put together a team of 6 candidates for a research project: Rajesh, Varun, Nilesh, Deepak, Anit and Siddhartha. They specialize in six different subjects: Software, Hardware, Telecommunication, Mechanical, Electrical and Metallurgy. Rajesh is studying Metallurgy. Varun does not study Software or Hardware. Nilesh studies neither Telecommunication nor Software. Deepak and Siddhartha study Hardware and Software (not necessarily in that order). Anit is studying Electrical.*

Q1. What is the specialization of Varun?

a) Metallurgy
b) Mechanical
c) Hardware
d) Telecommunication
e) None of these

Answer: D

Logic / Trick: Rajesh = Metallurgy, Anit = Electrical. Since Nilesh studies neither Telecom nor Software, and Siddhartha does not study Telecom, Varun is the only one left who can study Telecommunication.

[CampusMonk Set 01 (Engineering Branches)]

Directions: *A training college has to put together a team of 6 candidates for a research project: Rajesh, Varun, Nilesh, Deepak, Anit and Siddhartha. They specialize in six different subjects: Software, Hardware, Telecommunication, Mechanical, Electrical and Metallurgy. Rajesh is studying Metallurgy. Varun does not study Software or Hardware. Nilesh studies neither Telecommunication nor Software. Deepak and Siddhartha study Hardware and Software (not necessarily in that order). Anit is studying Electrical.*

Q2. Which specialization is Siddhartha studying?

a) Software
b) Mechanical
c) Hardware
d) Electrical
e) None of these

Answer: A

Logic / Trick: Varun and Nilesh cannot study Software. Rajesh = Metallurgy, Anit = Electrical. Thus Siddhartha must be studying Software.

[CampusMonk Set 01 (Engineering Branches)]

Directions: *A training college has to put together a team of 6 candidates for a research project: Rajesh, Varun, Nilesh, Deepak, Anit and Siddhartha. They specialize in six different subjects: Software, Hardware, Telecommunication, Mechanical, Electrical and Metallurgy. Rajesh is studying Metallurgy. Varun does not study Software or Hardware. Nilesh studies neither Telecommunication nor Software. Deepak and Siddhartha study Hardware and Software (not necessarily in that order). Anit is studying Electrical.*

Q3. Which of the following specializations is Nilesh studying?

a) Mechanical
b) Hardware
c) Either Mechanical or Hardware
d) Cannot be determined
e) None of these

Answer: C

Logic / Trick: Remaining branches are Mechanical and Hardware for Nilesh and Deepak. Either Mechanical or Hardware is valid for Nilesh.

[CampusMonk Set 02 (Cars & Professions)]

Directions: *Seven friends P, F, R, T, Q, N and D are travelling in three different cars: Honda City, Swift and Ford Fiesta. There are at least two persons in each car and at least one female in each car. There are only two females in total who are a Lawyer and a Doctor. P is travelling with his best friend D who is an Engineer. R is a Teacher and travels in Ford Fiesta with only Q. T is a Doctor and travels with F in Honda City. N is an Architect and is a male.*

Q4. In which car are three persons travelling?

a) Honda City
b) Swift
c) Ford Fiesta
d) None of these
e) Data inadequate

Answer: B

Logic / Trick: Ford Fiesta has exactly 2 (R and Q). Honda City has 2 (T and F). The remaining 3 friends (P, D, N) travel in Swift.

[CampusMonk Set 02 (Cars & Professions)]

Directions: *Seven friends P, F, R, T, Q, N and D are travelling in three different cars: Honda City, Swift and Ford Fiesta. There are at least two persons in each car and at least one female in each car. There are only two females in total who are a Lawyer and a Doctor. P is travelling with his best friend D who is an Engineer. R is a Teacher and travels in Ford Fiesta with only Q. T is a Doctor and travels with F in Honda City. N is an Architect and is a male.*

Q5. Which of the following represents the pair of females?

a) T, Q
b) T, F
c) P, D
d) R, T
e) None of these

Answer: A

Logic / Trick: Only 2 females: T is the Doctor, and Q in Ford Fiesta must be the Lawyer to satisfy the rule that every car has at least one female.

[CampusMonk Set 02 (Cars & Professions)]

Directions: *Seven friends P, F, R, T, Q, N and D are travelling in three different cars: Honda City, Swift and Ford Fiesta. There are at least two persons in each car and at least one female in each car. There are only two females in total who are a Lawyer and a Doctor. P is travelling with his best friend D who is an Engineer. R is a Teacher and travels in Ford Fiesta with only Q. T is a Doctor and travels with F in Honda City. N is an Architect and is a male.*

Q6. What is the profession of Q?

a) Teacher
b) Lawyer
c) Doctor
d) Engineer
e) None of these

Answer: B

Logic / Trick: Q is the female lawyer travelling in Ford Fiesta with R.

[CampusMonk Set 03 (Professors & Cities)]

Directions: *Seven professors — A, B, C, D, E, F and G visit seven cities: Delhi, Mumbai, Kolkata, Chennai, Hyderabad, Bengaluru and Pune from Monday to Sunday. C visits Mumbai on Friday. Only two professors visit between C and the one who visits Bengaluru. A visits Pune immediately after B. F visits Delhi on Wednesday. Neither A nor B visits Kolkata. E visits on Sunday.*

Q7. On which day does the professor visit Bengaluru?

a) Monday
b) Tuesday
c) Thursday
d) Saturday
e) Sunday

Answer: B

Logic / Trick: C visits on Friday. Two professors visit between C and Bengaluru: Friday - 2 = Tuesday. Bengaluru is visited on Tuesday.

[CampusMonk Set 03 (Professors & Cities)]

Directions: *Seven professors — A, B, C, D, E, F and G visit seven cities: Delhi, Mumbai, Kolkata, Chennai, Hyderabad, Bengaluru and Pune from Monday to Sunday. C visits Mumbai on Friday. Only two professors visit between C and the one who visits Bengaluru. A visits Pune immediately after B. F visits Delhi on Wednesday. Neither A nor B visits Kolkata. E visits on Sunday.*

Q8. Which city does D visit?

a) Bengaluru
b) Kolkata
c) Chennai
d) Hyderabad
e) None of these

Answer: A

Logic / Trick: Matching schedule gives: Mon=G (Chennai/Hyd), Tue=D (Bengaluru), Wed=F (Delhi), Thu=B (Kolkata/Hyd), Fri=C (Mumbai), Sat=A (Pune), Sun=E (Kolkata). Hence D visits Bengaluru.

[CampusMonk Set 05 (Departments & Employees)]

Directions: *Eight employees A, B, C, D, E, F, G and H work in three departments: IT, HR and Finance. There are at least two employees in each department. A works in Finance with only G. B and D do not work in the same department. C and E work in IT. F does not work in HR. D works in HR.*

Q9. In which department does B work?

a) IT
b) HR
c) Finance
d) Cannot be determined
e) None of these

Answer: A

Logic / Trick: Finance has only A and G. HR has D. B does not work with D (so not HR). Thus B must work in IT.

[CampusMonk Set 06 (Floor Puzzles)]

Directions: *Six delegates A, B, C, D, E and F stay on six different floors of a building (1 to 6). Floor 1 is the lowest and 6 is the top. A stays on an even numbered floor. There are two floors between A and B. C stays on the floor immediately above D. E stays on floor 5. F does not stay on floor 1.*

Q10. On which floor does A stay?

a) Floor 2
b) Floor 4
c) Floor 6
d) Floor 3
e) Floor 1

Answer: A

Logic / Trick: Floor 6=F, 5=E, 4=C, 3=D, 2=A, 1=B. A is on Floor 2.
